

## Business case India

<b>Partner</b>	Masibus, India
<b>Customer</b>	Ashuganj Power plant (Bangladesh)
<b>Industry</b>	Energy
<b>Application</b>	Thermal Power plant
<b>Used transmitter</b>	IPAQ-C530
<b>Description</b>	Customer required HART temperature transmitter with accuracy less than +/-0.1Deg C and low drift ( +/-0.1 Deg C). Emerson and other competitors were also actively pursuing this requirement, but customer selected INOR over other brands.
