

Business case India

Partner	Masibus, India
Customer	Elgi Equipment's
Industry	OEM, Compressor Manufacturer
Application	Compressor Temperature measurement
Used transmitter	APAQ-C130
Description	Requirement was for CE certified transmitter and sensor set. Using APAQ-C130 with our manufactured sensor we could offer technically suitable and price effective solution to the customer that fulfilled the requirement of CE certification. Also configuration through NFC was a cherry on the cake, it saved time and money.
